

# TEMPORARY HOME PAGE ASSIGNMENT (20 points or more)

---

## Due Dates:

- for basic version - Tuesday, Oct. 30
- extra-credit enhancements - Tuesday, Dec. 18

Make a home page for your folder on **CAWEB**. What you do, and how much you do, is up to you. All it must have is:

- Working links to all your assignments (5 pts)
- One image (5 pts)
- Satisfactory design (5 pts)
- Valid code (5 pts)

## If you add some fancy stuff, you can get extra credit!

- Original images/illustrations used well - (10 pts)
- Semantic animation (in other words, animation that adds to the meaning and usability of the page (10 pts)
- Gratuitous but fun animation (5 pts)
- External style sheet –(5 pts)
- Floated layout – (20 pts)
- CSS link states –(5 pts)
- Image map – (10 pts)
- Design excellence (10 pts) \*

## Where might I find examples?

Bettyopolis.com has links to a few examples on the page for this assignment. All of these examples have various fancy features, so I don't really have much to show you in the way of a minimalist home page. But I'm sure you know what I mean.
